FOR ENTERPRISE & EXECUTIVE TEAMS

# Every leader's story. Aligned to the one you tell together.

Your executives command the room offline. Their public, digital presence should match that caliber.

## AT A GLANCE

**WHAT IT IS**

*Known For* Leadership Collective. One engagement: *Known For* Live with the full group, then 1:1 sessions with each executive.

**TIME**

30 to 90 days, based on the size of the bench. On-site or virtual.

**INVESTMENT**

Investment will be shared in our 20-minute conversation.

**WHAT YOU GET**

Every executive's narrative, The Unified Enterprise Narrative Framework, your Leadership Hub, ExecutiveOS and the Scorecard.

**WHY NOW**

Stakeholders are searching either way. Waiting doesn't pause that. It only decides what they find.

THE ENGAGEMENT

## Known For Leadership Collective

Begins with *Known For* Live, an intensive alignment session with the full leadership group. Then structured 1:1 advisory sessions with each executive to build, test, and codify their narrative.

- Executive committees, leadership summits, ELT offsites, board retreats. On-site or virtual.
- The full bench, or your own: a CHRO brings me in for their VPs, a CEO for the executive committee

DELIVERABLES

## What the bench leaves with.

- Individual Executive Narrative Architecture
- Calibrated Market Presence & Digital Standards
- The Unified Enterprise Narrative Framework
- Your enterprise *Known For* Leadership Hub
- An ExecutiveOS operational cadence for every leader
- The *Known For* Scorecard for ongoing presence measurement

THE *KNOWN FOR* SCORECARD

## Progress you can count, before and after.

1. Can they say it?
2. Do their people hear the same story?
3. Are they showing up differently?
4. The outcomes you named.

Day one, midpoint, end. Counts and averages. Never names, never quotes.

FOR A SINGLE EXECUTIVE

## 1:1 Executive Advisory

*Known For* Executive, sponsored by the company. I answer to the person investing, the outcome they're paying for, and the goals of the executive in the room.

- A bespoke *Known For* Story, an aligned profile and an ExecutiveOS cadence
- You get the *Known For* Scorecard: counts and averages, never names
